

PURNET MOIRANGTHEM

Product Designer · UX Designer · UI Designer

Bengaluru, India · +91 7720020366 · purnetm@gmail.com · [Portfolio](#) · [LinkedIn](#)

PROFESSIONAL SUMMARY

Product Designer with 2+ years of end-to-end UX experience designing SaaS platforms, agentic AI interfaces, and enterprise tools. Skilled in user research, interaction design, and rapid prototyping using Figma. Adept at translating complex user needs into intuitive, scalable design systems. Collaborative partner to PMs and engineers across agile sprints, with a track record of shipping 0-to-1 products and improving cross-team efficiency.

CORE SKILLS & TOOLS

Design: Figma, Wireframing, Prototyping, Interaction Design, Design Systems

Process: Design Thinking, Agile/Scrum, Cross-functional Collaboration, Roadmap Planning

Research: User Research, Usability Testing, Stakeholder Interviews, Data Analysis

AI Tools: Claude Code, ChatGPT, Gemini, Stitch

WORK EXPERIENCE

Kapture CX | UI/UX Designer

Jul 2024 – Present

- ▶ Designed and shipped a QA platform from 0-to-1—owning the full product design lifecycle: discovery, user research, wireframes, high-fidelity UI, and usability testing.
- ▶ Led UX design for an agentic AI platform, defining interaction patterns for AI-driven workflows and ensuring seamless user experience across complex, multi-step tasks.
- ▶ Built and maintained a scalable design system in Figma, accelerating delivery speed and ensuring visual consistency across product surfaces.
- ▶ Leveraged AI-powered design tools (Claude Code, ChatGPT, Gemini, Stitch) to accelerate ideation, content design, and rapid prototyping cycles.
- ▶ Designed internal tooling that improved cross-team efficiency; collaborated closely with PMs and engineers in agile sprints to deliver against roadmap goals.

Independent / Kapture CX | UI/UX Designer (Freelance & Internship)

Sep 2023 – Jan 2025

- ▶ Delivered end-to-end UX design for SaaS products across eCommerce, finance, and travel verticals during internship at Kapture CX.
- ▶ Led full digital redesign of Shija Hospitals' website and mobile app—improved information architecture, accessibility, and user task completion rates.
- ▶ Designed mobile-first experiences for niche user segments including senior mobility and sustainability audiences, applying user-centered design principles throughout.

Dentsu Creative | Account Manager

Oct 2021 – May 2023

- ▶ Managed content strategy for YouTube Creators India, growing follower base by 77% and driving 2M+ views on branded campaigns including #CreatingForIndia.
- ▶ Developed deep expertise in audience analytics, stakeholder management, and cross-functional collaboration—directly applicable to product discovery and UX strategy.

Horus Music | Business Development Manager

Feb 2020 – Sep 2020

- ▶ Improved content structure and accessibility, contributing to a 25% reduction in bounce rate—demonstrating impact of UX-informed content decisions.
- ▶ Generated 20+ qualified leads and expanded client base through targeted artist marketing campaigns and brand visibility initiatives.
